

## 3M™ True Definition Scanner Data Plans for Dentists

Our affordable, subscription-based Data Plans for Dentists include unlimited software upgrades and updates, guaranteeing you always have the latest software without unexpected fees. Your monthly cost remains the same, but with each case, you increase the return on your investment. The scanner and data plans are available from qualified 3M™ True Definition Scanner Channel Partners.

### Standard Data Plan for Dentists

The Standard Data Plan is designed to cover the majority of crown and bridge work in a typical office: securely send digital impressions and STL files to your lab or design and mill chairside.

### Advanced Data Plan for Dentists

With the Advanced Data Plan you get everything included in the Standard Data Plan and the ability to digitally restore implants or prescribe clear aligners.

Data Plan Features	Standard Data Plan Covers the Majority of What You Want to Do	Advanced Data Plan Gives You Even More Choices
